

40L Evaporative Cooler

This powerful evaporative air cooler is the perfect choice to keep large indoor and semi-outdoor environments comfortably cool and breezy. Its capable motor helps to deliver the highest air flow in our range of indoor evaporative air coolers while a 36-cm fan blade keep performance optimal. A continuous water supply connection, large 40-liter water tank, and built in overflow protection system allow long periods of unattended operation, making it perfect for more demanding and commercial applications.

FEATURES

- Powerful air flow: 1800 m³/hr (1062 cfm)
- 3 speeds - high, medium and low
- Easy to operate and reliable mechanical control panel
- Continuous water supply connection for hose
- Top water inlet compartment for manual filling

SPECIFICATIONS

Water tank capacity: 40 litre
Power consumption: 140 watts
Net weight: 13.3 kg
Gross weight: 16.0 kg
Dimensions: 620mm (l) x 375mm (w) x 868mm (h)

APPLICATIONS

- Offices
- Retail
- Events
- Film and TV shoots
- Small Server Rooms / Data Centres
- Warehouse Spot Cooling
- Manufacturing Spot Cooling
- Schools / Aged Care Facilities
- Medical Rooms
- Construction Offices
